Doris Bridges

dbridges@harristeeter.com

I tried to email the board but could not get to work. I was unable to attend meeting on CPCC parking lot addition and wanted to voice two concerns. We own property on CPCC lane across from the college. I wanted to inquire if two humps can be added to slow down traffic maybe one as you leave the new parking lot as you approach the curve and another before you reach driveway of the third house on the right? With the addition of another 300 plus parking spaces to this area, this presents a hazard with the speed of these cars as classes are dismissed each day. Currently, we have issues trying to get out of the driveway. Also, I would like to bring up water runoff from this parking lot area, I know CPCC is allowing for some way to handle the water, but when the area across from us was landscaped and planted, the drainage ditch was removed and all the water runs over onto our property now. I just wanted to address this now before the fact, so if we see a water problem, that CPCC is going to address it and correct it. Thank you for addressing these concerns.

Summary of Community Meeting

For RZ: 2016-642 (CPCC Levine Campus)

A Community Meeting for Rezoning Petition 2016-642 was held on Monday, February 29, 2016 beginning at 6:30 p.m. in the LV2150 Auditorium on CPCC's Levine Campus. In attendance was the CPCC Rezoning Team, as well as adjacent property owner guests Doris Bridges, and Elizabeth and Thomas Caryl.

The meeting began promptly at 6:30 p.m. with a brief introduction of the rezoning process, expansion plans for the existing campus, and an explanation of how the proposed Rezoning ties into the overall Levine Campus scheme. A power-point presentation was used to orient guests to the location of the Rezoning Site in relation to the existing Levine Campus.

A Question & Answer session followed.

Property owner attendee asked about CPCC's expansion plans beyond the current Rezoning Site. Potential locations for future expansion were shown and a discussion ensued about whether, when and where CPCC Lane will cross I-485, with the ultimate conclusion being that it was too early to tell. The Caryl property owners also asked whether it would be possible to include their property in the current Rezoning. Applicant responded that the additional property could not be included due to additional costs involved.

Property owner attendees complained that the property adjacent to their parcels was being used as a dumping ground and requested that it be cleaned up. Applicant stated that the property would be cleaned up although could not guarantee when the clean-up would occur. If the dumping was occurring on adjacent property owned by Mecklenburg County, CPCC agreed to either clean up the County property, or to encourage the County to clean it up.

One property owner asked if something could be done to slow traffic along CPCC Lane. Her concern was that students coming around the curve from the CPCC parking lot were a danger to property owners attempting to pull out of their residential driveways. CPCC Lane is a State maintained road and therefore NCDOT would have to dictate what, if any, traffic calming devices might be permitted. Applicant provided the name and phone number of the Division 10 District Engineer for DOT and agreed to ask DOT whether there were any options.

A property owner asked the time frame for the construction of the parking lot. Applicant estimated construction would begin around July of 2016 and finish in the Fall of 2016. A question was also asked whether storm water from the new parking lot would run across adjacent properties post-construction. Applicant's engineer for CPCC explained how the storm drainage proposed for the Rezoning Site worked and concluded that strict storm water regulations should prevent adjacent owners from receiving any new run-off across their properties.

Attendees were provided with the dates for the Public Hearing, Planning Board Meeting and Council Decision related to the Rezoning. Meetings are held in the Matthews Town Hall and start at 7 PM. With no further questions, the meeting adjourned at approximately 7:05 p.m.

**NOTICE TO INTERESTED PARTIES
OF COMMUNITY MEETING**

Subject: Community Meeting – Rezoning Petition filed by Central Piedmont Community College

Date and Time of Meeting: Monday, February 29, 2016 at 6:30 p.m.

Place of Meeting: Central Piedmont Community College – Levine Campus
Levine 1 Building
Auditorium LV2150
2800 Campus Ridge Road, Matthews, NC 28105

Petitioner: Central Piedmont Community College

Petition No.: 2016-642

We are assisting Central Piedmont Community College (the “Petitioner”) in connection with a Rezoning Petition it has filed with the Charlotte-Mecklenburg Planning Commission seeking to rezone tax parcel 215-061-15 consisting of +/- 14 acres located at the intersection of CPCC Lane and I-485 (the “Site”). The purpose of the requested zoning change is to allow for the development of the Site for college uses, including a surface parking lot to accommodate both existing and future parking needs. A map showing the Site outlined in red is enclosed herewith.

In accordance with the requirements of the Town of Matthews Zoning Ordinance, the Petitioner will hold a Community Meeting prior to the Public Hearing on this Rezoning Petition for the purpose of discussing this rezoning proposal with nearby property owners and organizations. Mecklenburg County GIS records indicate that you are an owner of property that adjoins, is located across the street from, or is near the Site.

Accordingly, on behalf of the Petitioner, we give you notice that representatives of the Petitioner will hold a Community Meeting regarding this Rezoning Petition on Monday, February 29, 2016 at 6:30 p.m. in the LV2150 Auditorium on the Levine Campus, 2800 Campus Ridge Road, Matthews, North Carolina 28105. We have included a directional map to assist you with where to park and how to find the auditorium. The Petitioner’s representatives look forward to sharing this rezoning proposal with you and answer any questions you may have with respect to this Rezoning Petition.

In the meantime, should you have any questions or comments about this matter, please call Susanne Todd at (704) 998-2306.
