 EXISTING TREES TO REMAIN: 16,400 SF (42,800 - 26,400) = 26% OF EXISTING CANOPY TO REMAIN (16,400 / 56,626)

DEVELOPMENT STANDARDS
August 29, 2018

- GENERAL PROVISIONS**
 - These Development Standards form a part of the Rezoning Plan associated with the Rezoning Application filed by Matthews Help Center ("Applicant") for an approximately 1.314 acre site located on the southwest corner of the intersection of North Ames Street and West Charles Street, which site is more particularly depicted on the Rezoning Plan (hereinafter referred to as the "Site").
 - The development and use of the Site will be governed by the Rezoning Plan, these Development Standards and the applicable provisions of the Town of Matthews Unified Development Ordinance (the "Ordinance"). The regulations established under the Ordinance for the B-1 zoning district and the Downtown Overlay District shall govern the use and development of the Site.
 - The development and uses depicted on the Rezoning Plan are schematic in nature and are intended to depict the general arrangement of the uses and improvements on the Site. Accordingly, the ultimate layout, locations and sizes of the development and site elements depicted on the Rezoning Plan are graphic representations of the proposed development and site elements, and they may be altered or modified in accordance with the setback, yard and perimeter landscaping requirements set forth on this Rezoning Plan and the development standards, provided, however, that any such alterations and modifications shall not materially change the overall design intent depicted on the Rezoning Plan.
 - The primary purposes of this rezoning are to (i) combine the lots that currently comprise the Site into one lot; (ii) bring the site into compliance with the requirements of the Ordinance; (iii) memorialize the commitment to remove the existing storage trailer located on the Site; (iv) accommodate the modification of an existing driveway serving the Site and (v) accommodate the expansion of the existing storage building located on the Site.
- PERMITTED USES**
 - The Site may be devoted only to the following uses and to any incidental and accessory uses associated therewith that are allowed in the B-1 zoning district:
 - General and professional offices.
 - Medical offices.
 - Retail sales and general merchandise.
 - Outdoor sales in conjunction with a permanent business, subject to Section 155.506.36 of the Ordinance.
 - Secondhand goods, retail sales without outside storage.
 - Donation drop-off facility as an accessory use.
- DEVELOPMENT LIMITATIONS**
 - The approximate gross floor area of each existing building located on the Site is set out in the Zoning Code Summary.
 - The existing storage building located on the Site may be enlarged by a maximum 1,200 square foot building addition. The general location of this building addition is depicted on the Rezoning Plan. Minor modifications to the location of this building addition shall be allowed.
 - The addition to the existing storage building shall be compatible to and complementary and consistent with the existing storage building in terms of architectural style and character and types and colors of exterior building materials.
- DIMENSIONAL STANDARDS**
 - Development of the Site shall comply with the dimensional standards of the B-1 zoning district and the Downtown Overlay District.
 - Notwithstanding the foregoing, any existing building or structure on the Site that does not meet the setback, side yard and/or rear yard requirements of the Ordinance or any other requirements of the Ordinance shall be considered to be a legal, non-conforming building or structure.
- TRANSPORTATION AND PARKING**
 - Vehicular access shall be as generally depicted on the Rezoning Plan. The placement and configuration of the access points are subject to any minor modifications required to accommodate final site and construction plans and designs and to any adjustments required for approval by the Town of Matthews.
 - Vehicular parking shall be provided in accordance with the requirements of the Ordinance.
 - Applicant will seek a variance from the Zoning Board of Adjustment to allow the gravel driveway located at the southwestern corner of the Site to remain.
- STREETScape TREATMENT AND SIDEWALKS**
 - The existing planting strips, sidewalks and street trees located along the Site's frontages on North Ames Street and West Charles Street shall remain in place.
- TREE PRESERVATION**
 - Tree preservation areas will meet the intent of the Ordinance and may occur in areas generally depicted on the Rezoning Plan. Notwithstanding the foregoing, Applicant reserves the right to plant trees on the Site in lieu of retaining trees as permitted under the Ordinance.
- SIGNS**
 - All new signs installed on the Site shall comply with the requirements of the Ordinance.
- BINDING EFFECT OF THE REZONING APPLICATION**
 - If this Rezoning Application is approved, all conditions applicable to the development and/or use of the Site imposed under this Rezoning Plan will, unless amended in the manner provided under the Ordinance, be binding upon and inure to the benefit of Applicant and the current and subsequent owners of the Site and their respective successors in interest and assigns. Throughout these Development Standards, the terms, "Applicant" and "owner" or "owners" shall be deemed to include the heirs, devisees, personal representatives, successors in interest and assigns of Applicant or the owner or owners of the Site from time to time who may be involved in any future development thereof.
